Analisis Kesadaran Keamanan Dengan Model Kruger & Kearney Dalam Penggunaan E-Wallet Pada Generasi Z (Gen-Z) Di Indonesia
(Politeknik Negeri Batam, 2024-07-08) Nur, Muhammad Abdul Razak; Arif, Hamdani
In recent years, e-wallets, sometimes known as digital wallets, have gained popularity in Indonesia. Under all the comforts offered, patrons are exposed to a multitude of security hazards. Similar to how the human factor is crucial to cybersecurity
